Mr. Allen Tay
Project Manager
Orion Integrated Services Pte Ltd
2 Jalan Kukoh
#01-155
Singapore 163002

Dear Allen,

DISMANTLE, SUPPLY AND LAYING OF ASPHALT PREMIX TO EXISTING OUTDOOR SYNTHETIC TRACK, INCLUDING REPLACE 48 NOS. OF MILD STEEL GRATINGS WITH STAINLESS STEEL HINGED GRATING TYPE JURONG EAST SPORTS & RECREATION CENTER

On the behalf of Singapore Sports Council, I would like to thank your office for your sterling services rendered for the above project.

As a responsible main contractor, your office has kept a tight rein over the performance of your site personnel and given very valuable counter points to the advice of the client and consultants.

Ensuring strict compliance with the contract, code of practices and attention to details, your office has played a major role in bringing about the successful completion of the project within budget, helping us to liaise with Center Manager and other contractors more effectively than other main contractors we have worked previously.

We are impressed by the professionalism displayed by your project team.

May I take this opportunity to wish you and M/S Orion Integrated Services Pte Ltd a very successful 2010 and the years to come. It is my pleasure to look forward to work with you in the near future.

Your Sincerely

A handwritten signature in blue ink, appearing to read "Jeffrey Foo".

Mr. Jeffrey Foo.
Maintenance Officer (West Zone)
